

Ds DUNNAGE SOLUTIONS**SEWN BAG DUNNAGE****PLASTIC DUNNAGE****FOAM DUNNAGE****PRODUCT DESCRIPTION**

We know that your packaging needs are specific, so we customize dunnage solutions to meet your needs. Customization means that your components will be ideally protected and presented for assembly. Diverse Global offers a variety of non-abrassive packaging solutions to ensure that painted

and Class A surfaces arrive undamaged. For increased part density, we can incorporate sewn bags, vacuum thermoformed trays, specialty foams or fabrics, or plastic corrugated or solid plastic partitions.

Diverse Global exceeds customers' expectations with a comprehensive range of high-quality, customized products that are always delivered on time, all with outstanding, knowledgeable customer service.
